PENNSYLVANIA

PENN STATE MILTON S. HERSHEY HEART and VASCULAR INSTITUTE

Type of elective/fellowship:

- Heart transplant and VAD

Length of elective

1 year

Requirements

Minimum requirements include an MD degree and eligibility or Board Certification from the American Board of Thoracic Surgery or equivalent. Foreign medical graduates must be certified by the ECFMG and also be eligible for licensure in the State of Pennsylvania

A one-year training program is available for individuals seeking additional training in heart transplantation and mechanical circulatory support. Duties will include patient care responsibilities in heart transplant procedures, the insertion of mechanical circulatory support devices, and organ procurement. Ample opportunities exist for interested individuals to participate in pre- intra- and post-operative management of patients needing complex and high risk adult cardiac surgery. Additional training in basic science cardiovascular research or translational research is available for interested individuals.

Contact information (of person in charge of elective)

Interested applications should send a letter of interest and curriculum vitae to:
Walter Pae, MD, Professor and Chairman, Division of Cardiothoracic Surgery
500 University Drive, Hershey, PA 17033
wpae@psu.edu

Cardiac Critical Care

PENNSYLVANIA

PENN STATE MILTON S. HERSHEY HEART and VASCULAR INSTITUTE

Type of elective/fellowship:

- Cardiovascular critical care

Is the fellowship accredited?

No

Length of elective

1 year

Requirements

Minimum requirements include an MD or DO degree and eligibility of board certification or eligibility from the American board of Thoracic Surgery, Anesthesia, or Medicine. Foreign medical graduates must be certified by the ECFMG and also be eligible for licensure in the state of Pennsylvania

Duties will include patient care responsibilities primarily for cardio- thoracic surgery, heart transplant, mechanical circulatory support, heart failure, acute cardiology and vascular patients admitted from the OR, ER and or transferred for regional specialty services. Ample opportunities exist to care for patients with ventricular assist devices and total artificial hearts, ECMO, and post arrest hypothermia protocol patients.

Contact information (of person in charge of elective)

Interested applications should send a letter of interest and curriculum vitae to:
Walter Pae, MD, Professor and Chairman, Division of Cardiothoracic Surgery
500 University Drive, Hershey, PA. 17033
